HISTORY OF THIS RACE:

Without doubt the highlight of **2011** was the return of the **Group 1 Grosser Preis von Berlin** to Hoppegarten for the first time since 1944. We were privileged to see DANEDREAM win her first Group 1 with the same ease as her subsequent wins in the Baden-Baden Grand Prix and the Qatar Prix de l'Arc de Triomphe. With a strong field of ten including two German champions and good international guests the Berlin Grand Prix became the top rated race of the entire German season.
