

Arabian Bloodstock Companion
An Exciting New Publication
from
Arabian Finish Line and Horsereporter

What bloodlines are winning? Which breeding will give you the best chance for success? Need to lease a mare?

Arabian Finish Line and Horsereporter are offering a second exciting publication in 2021, the Arabian Bloodstock Companion. Created with the same high quality paper and style as the annual Stallion Guide, the Arabian Bloodstock Companion will highlight the distaff side of breeding.

We will be spotlighting some of the top breeding mares of the last decades, the "Blue Hens", the producers of high quality foals that have influenced the breed through their offspring.

Open to Arabians of Racing, Endurance and Sporthorse disciplines.

Included in this Issue

Your top mares, foals and farms.

To date National and International Arabian racing statistics and reports.

2021 Darley Award winners.

Your contact information in the International Arabian Reference Guide.

This is the perfect venue to showcase your breeding lines and also present mares, fillies and other progeny for sale. Introduce or brag about your farm, your breeding and your babies.
